Our paddle boats have been in service for many years and will now undergo maintenance and replacement to ensure continued service quality. As a result, the rental service for four-person paddle boats will be temporarily suspended from February to March 2025. We apologize for any inconvenience this may cause. All confirmed online reservations for four-person paddle boats will proceed as scheduled. The launch date for the new paddle boats will be announced on our official social media channels in due course.

In addition, we are planning to introduce new water activity equipment to offer a more diverse experience for our visitors. Further details will be announced at a later date. Thank you for your understanding and support.
